LVCS School Council Members,

I understood that you met this week and statements were made about letters of concern and notices of violation issued to TVLC by NJESD. I include the following public records request made to NJESD and I will subsequently forward each of three emails resulting from the request.

It appears that you may not be in receipt of records that represent items which could have a material affect on the corporation and services provided to schools.

The TVLC Board sent a representative to NJESD a week ago Monday, along with the TVLC Interim CEO. After several hours of dialogue, between TVLC and NJESD, I am told that the NOVs are not signed off.

I do not believe you are getting the full story. I recommend you question the validity of any statements from sources independent of TVLC BOD, Staff and other parents.

This is email 1 of 4.

Thank you,
-dc

Mr. Corso,

The district is in receipt of your request, and will send you the requested documents shortly.

David Thoming

Superintendent Thoming,

Via this email, I formally request copies of any letters of concern or letters/notices of violation issued to TVLC, by NJESD, for the past 12 months through current.

Best regards,
-dc
