Dear TVLC BOD & Dr. Lysko,

On Monday, June 27, at the special BOD meeting, Dr. Lysko informed the community that the Principal position is open on EdJoin and that there would be an "inclusive" process involving parents, teachers and school council. As chair of LVCS school council, this was news to me. I've waited a couple days for council to get an email or for a request to be sent out to the parent community asking them to be a part of these interviews which are reportedly taking place next week, July 7, and I have not seen anything. If you want LVCS council and parents to be available for an interview, then I suggest you send out that request as soon as possible.

I applaud the proposed time line for filling the Principal position and request a similar time line for the CEO position.

Sincerely,

Katherine Kozioziemski
