Dear BOD & Dr. Lysko,

My sincerest apologies. After another review of the Brown Act, you are technically within your legal rights to not allow public comment on non-agenda items. Lucky that you didn't properly post the agenda on time Monday! I guess this is amazingly convenient for board members Lessard and Goulart, as many of the public have called for their resignations. I presume I am not alone when I say I am incredibly angry at the lengths you seem to go to in order to silence the public, the parents and any VOICE FOR OUR CHILDREN. I am sincerely disappointed in this action and the fact that you continue to ignore and silence the voices of the public. I don't know why I am surprised by these sorts of actions anymore. Your actions have shown time and again what your priorities are. It's clear to me that it's not our kid's education.

Of course you CAN CHOOSE to allow public comment on non-agenda items, but who at this point expects you to do the ethical thing? The BOD has proven themselves to use the Brown Act in every way to silence, rather than allow the public full access as it was intended. I imagine it would be very hard to hear the voices of parents on items you would rather keep in the dark.

We won't be silenced.

Hello,

I just looked at the "new" agenda for the special meeting. It is missing public comment on non-agenda items. Just wanted to bring it to your attention for you to add, per the Brown Act, by 7:00 tonight.

Thank you,
